

DEBATE OUR ISSUE

We want you to Debate Your Issue!

Erasmus+ is giving an opportunity to young Europeans (18-25 years old) from Belgium, Czech Republic, Latvia, Lithuania, Poland and Serbia to develop debating skills and to compete in debates on topics like populism, media, migration, climate change, mobility, community building and the EU.

DEBATE OUR ISSUE

Why debates?

- Every democracy needs citizens who ask critical questions and are not afraid to express their views.
- Debating teaches listening to opinions of others and to respond them in a matter-of-fact and fair way.
- Debating prepares to stand up for your opinions and views in a well-founded and convincing manner.
- Debating contributes to political education by dealing with relevant socio-political questions.
- The *Jugend debattiert* is an easy and quick way to learn how to defend your position while understanding others' arguments.

Join the European debate competition!

To apply for participation in the project, please read the project's description and fill the questionnaire for the country you represent:
